TIM TEBOW FOUNDATION'S NIGHT TO SHINE SUPPORTED GLOBALLY BY TWO CORPORATE LEADERS

The Tim Tebow Foundation welcomes new Global Partner, OneShare Health, alongside veteran Global Partner American Residential Services in their support of the 6th Annual Night to Shine prom for people with special needs.

On Friday, February 7, an anticipated 110,000+ Honored Guests will convene in churches, arenas, and event centers across the world in celebration of the Tim Tebow Foundation's 6th Annual Night to Shine prom for people with special needs. With over 720 churches participating as hosts across all 50 US states and in 34 countries, the prom night will serve not only as an evening of celebration and honor, but as a reflection of God's love for these often marginalized and overlooked individuals.

For the fourth consecutive year, the foundation has been blessed by the support of American Residential Services (ARS/Rescue Rooter,) a privately-held company, and one of the nation's largest providers of air conditioning, heating and plumbing services that are committed to giving back to the community. Their ongoing support since 2017 has allowed hundreds of thousands of individuals with special needs to participate in this life-changing event and has been key in expanding the global footprint of the foundation's ministry. In addition to their generous financial support, hundreds of ARS employees have also committed to serving as volunteers at this worldwide event once again this year.

"We have supported the Tim Tebow Foundation since its inception, and we are honored to continue to be a Global Partner for Night to Shine. Our ARS employees look forward to this annual event as we come together to volunteer and bring joy to the kings and queens of this memorable prom night," said Dave Slott, Chief Executive Officer, ARS/Rescue Rooter.

The foundation is also honored to announce a second Global Partner this year, OneShare Health, as the most recent corporation to join the worldwide movement at the global level. OneShare is a faith-based, medical cost-sharing ministry, passionate about making a difference in the lives of those they serve. Like the Tim Tebow Foundation, they are also equally committed to recognizing and celebrating individuals with special needs. Their recent investment has already impacted the ministry significantly by increasing the reach of Night to Shine, helping to make it possible in more locations than ever before.

"We are so proud to sponsor this celebration for the first time this year. At OneShare Health, we live our values and seek out ways to set our mission in motion every single day. Night to Shine is a great opportunity to make a difference in the community while growing stronger as a tribe. Our OneShare Health team members are volunteering all across American to engage with and support this incredible night of celebration! What an honor it is to share our love through this unforgettable night," said Alex Cardona, CEO of OneShare Health.

Regarding the partnerships, foundation founder Tim Tebow said "We are so grateful for both our Global Sponsors. They truly share our mission of fighting for those who can't fight for themselves. Through these partnerships, we really believe that together, we are going to change a lot of lives for the better. "

Night to Shine's exponential growth throughout the years has also been made possible through many other corporations and individual donors standing with the Tim Tebow Foundation to celebrate people with special needs. We invite you to follow on our social media channels on Friday, February 7, to learn why these two organizations, along with so many others, have committed to partnering with the foundation in spreading Faith, Hope and Love to those needing a brighter day in their darkest hour of need.

ABOUT TIM TEBOW FOUNDATION

The Tim Tebow Foundation exists to bring Faith, Hope and Love to those needing a brighter day in their darkest hour of need. This mission is being fulfilled every day through seven main areas of outreach in the fields of Orphan Care + Prevention, Special Needs and Children with Profound Medical Needs. To learn more about how the Tim Tebow Foundation is serving children and sharing God's love by fighting for those who can't fight for themselves, visit www.timtebowfoundation.org.
